Wednesday, March 18, 2020

9 a.m. – noon  Leadership Academy: Managing Complex Change
Instructors: Debbie Mock and Wendy Unger

Workshop Summary:
Change is a constant in the field of child welfare. Understanding how to effectively plan for change will allow administrators to lead their agencies based on Change Plans that are strategically aligned with the organization’s vision, mission, and values. This workshop will provide participants with tools to help agencies achieve their goals for change. Activities will prepare administrators to identify implementation team members, engage in strategic planning, and identify program improvement goals to implement federal and state requirements and internally driven change initiatives. Participants will apply the knowledge and skills to the implementation of the new statewide case management system. Participants will also share their “lessons learned” while implementing other previous initiatives.

This workshop is eligible for 3 Continuing Education credit hours and 3 Leadership Academy Certificate hours.
